Subject: General Plan Annual Report

Jeff,

I took a look at the General Plan Annual Report thinking there might be something interesting here. There wasn't much! I did see a few errors that should be corrected before sending this to the Council:

On page 1, there are duplicate instance of footnote #1.

On page 3, under the progress for LU2, there's a reference to "San Pablo Design Guidelines." I don't believe that such a document exists. There are the streetscape guidelines and there was the San Pablo Vision Plan. This latter document was mostly rejected with the zoning code revisions in 2004.

On page 5, the entry on the first row under Progress doesn't make sense.

On page 6, under the CIRC2, perhaps the narrative under Progress referring to "maximum possible compliance with City Parking standards" should be revised in view of the City's' 18 parking space exception for the Café Trieste project!

On page 11, under the progress for CROS 6, the refernce to "Joint Powers Authority" is incorrect. It was a joint pwers agreement.

On page 11, under the progress for CROS 7, the reference to "CROS 2" is incorrect. It should probably be CROS 5.
