Questions & Answers About the Local Taxpayer, Public Safety and Transportation Protection Act

WHAT IS YOUR MEASURE AND WHAT DOES IT PROPOSE TO DO?

The Local Taxpayer, Public Safety and Transportation Protection Act is a constitutional amendment that we are working to place on California's November 2010 statewide ballot. The initiative would stop the State from raiding or borrowing funding for local public safety, transportation, transit and other essential local government services. Specifically, the measure would:

- ✓ **Prohibit the State from taking, borrowing or redirecting local taxpayer funds dedicated to public safety, emergency response and other vital local government services.** The measure would close loopholes to prevent the taking of funds currently dedicated to cities, counties, special districts and redevelopment agencies. It would also end the State's fiscally irresponsible practice of borrowing local government property tax funds.
- ✓ **Protect vital, dedicated transportation and public transit funds from State raids.** The measure would prevent State borrowing, taking or redirecting of the state sales tax on gasoline (Prop 42 funds) and Highway User Tax on gasoline (HUTA) funds that voters have dedicated to transportation maintenance and improvements. It would also prevent the State from redirecting or taking public transit funds.
- ✓ **Protect local taxpayers** by keeping more of our local tax dollars local where there's more accountability to voters, and by ensuring once and for all that our gas taxes go to fund road improvements. The measure also reduces pressure for local tax and fee increases that become necessary when the State redirects local funds.

WHY IS IT NEEDED?

Unfortunately, the State has continued its irresponsible practice of taking and borrowing local taxpayer dollars and dedicated transportation funds. The 2009/10 state budget borrows and takes approximately \$5 billion in city, county, transit, redevelopment and special district funds this year despite the fact that voters have overwhelmingly passed ballot measures to keep local funding at the local level to provide essential local services. This year's raids and previous, ongoing state raids and borrowing jeopardize the services Californians need most, including police, fire and emergency 911 services; local economic development and redevelopment; mass transit like buses and commuter rail; and transportation improvements like road repairs and congestion relief. We need to pass this measure to protect these vital local services from State raids and borrowing.

ISN'T FUNDING FOR LOCAL GOVERNMENT AND TRANSPORTATION ALREADY PROTECTED FROM STATE RAIDS?

California voters have overwhelmingly passed separate measures to prevent the State from raiding local government and transportation funds. However, each and every year the State attempts to take or borrow local government, transportation and transit funding using loopholes, or illegal funding diversions that have only been stopped after expensive and lengthy court battles. This year alone, the Legislature:

- Borrowed approximately \$2 billion in property taxes from local governments, despite no clear path to repay these funds.

Second, it's important to remember that these are funds that voters have ALREADY dedicated to local government, transportation and transit services. We are not dedicating any NEW funding for these services, but instead ensuring that the will of voters is upheld by protecting local government and transportation funds from further State raids and borrowing.

This reform is fiscally responsible and a key step in long-term reform for California. The State has gotten itself into this deep fiscal mess in large part because lawmakers have relied on budget gimmicks like tapping into voter-protected funds and borrowing which only pushes our problems into the future.

HOW DOES THIS MEASURE FIT INTO THE NEED FOR BROAD REFORM OF STATE GOVERNMENT IN CALIFORNIA?

This measure is a necessary and responsible first step toward fiscal reform in California. Virtually everyone agrees that State reforms must include the restoration of more local control over local tax dollars, and moving services closer to the people at the local level. This measure ensures local control, predictability, and accountability for local tax dollars that are used to provide the most essential local services.

WILL THIS MEASURE IMPACT FUNDING FOR PUBLIC SCHOOLS, HEALTHCARE OR OTHER SERVICES?

No. This measure does not take away funding from schools or any other service funded by the State because it only protects EXISTING funds that are already dedicated to local services like public safety and transportation. And this measure in no-way alters Proposition 98, which guarantees funding levels for K-14 schools.

HOW WILL THIS MEASURE IMPACT TAXPAYERS?

This measure provides further protections for *existing* revenues that voters have already dedicated to local government, transportation and transit services. It does not increase taxes. In fact, this measure protects taxpayers by keeping more of our tax dollars local where they're more accountable. And this measure decreases pressure for local tax and fee increases at the local government level that become needed when the state takes local revenues and local governments are forced to look for new revenues to protect vital services.

YES to Protect Local Taxpayers and Funding for Public Safety, Transportation & Other Vital Local Services from State Raids

THE PROBLEM: STATE RAIDS AND BORROWING ARE JEOPARDIZING PUBLIC SAFETY, EMERGENCY RESPONSE, TRANSPORTATION, TRANSIT AND OTHER VITAL LOCAL SERVICES.

California voters have overwhelmingly passed separate ballot measures to dedicate local funding sources to essential local services and to prevent the State from shifting or raiding local government, transit and transportation funds. Despite this, the State recently passed a budget that borrowes and takes approximately \$5 billion in city, county, transit, redevelopment and special district funds this year. This year's raids and previous, ongoing state raids and borrowing are jeopardizing the services Californians need most:

- X *Police, fire and emergency 911 services have been cut.*
- X *Healthcare services for children, seniors and the disabled are being slashed.*
- X *Road repair and maintenance, congestion relief and safety improvements are constantly at risk.*
- X *Public transit like buses, commuter rail and shuttles are being slashed and fares are being raised.*
- X *Parks and libraries are closing, and other local government services critical to protect our neighborhoods and improve our quality of life are shutting down.*
- X *Vital community economic development and job creation projects are being shut down.*

State raids of local funds are fiscally irresponsible. The fiscally irresponsible practice of borrowing local taxpayer and transportation funds makes our budget problems worse down the line because local government and transportation funds have to be repaid, with interest. Additionally, many of the outright raids are ultimately rejected by the courts, creating even larger state budget deficits down the line.

THE SOLUTION: PROHIBIT THE STATE FROM RAIDING LOCAL GOVERNMENT, TRANSIT AND TRANSPORTATION FUNDS.

The Local Taxpayer, Public Safety and Transportation Protection Act, scheduled for the November 2010 statewide ballot, would:

- ✓ **Prohibit the State from taking, borrowing or redirecting local taxpayer funds dedicated to public safety, emergency response and other vital local government services.** The measure would close loopholes to prevent the taking of local taxpayer funds currently dedicated to cities, counties, special districts and redevelopment agencies. It would also revoke the State's authority to borrow local government property tax funds.
- ✓ **Protect vital, dedicated transportation and public transit funds from state raids.** The measure would prevent State borrowing, taking or redirecting of the state sales tax on gasoline (Prop 42 funds) and Highway User Tax on gasoline (HUTA) funds that are dedicated to transportation maintenance and improvements. It would also prevent the State from redirecting or taking public transit funds.
- ✓ **Protect local taxpayers** by keeping more of our local tax dollars local where there's more accountability to voters, and by ensuring once and for all that our gas taxes go to fund road improvements. The measure also reduces pressure for local tax and fee increases that become necessary when the State redirects local funds.
- ✓ **Reform state government and enhance fiscal accountability.** This measure is a key step in reforming California's broken budget system by restoring more local control and accountability. It also stops the irresponsible practice of the State borrowing special funds that have to be repaid with interest, which only puts our State further in debt.
