

Sustainability Committee – suggested edits to final draft Climate Action Plan
February 17, 2010

1. Page III-52 “Stormwater”. Delete paragraph.
2. Page II-5 - Clarify what the growth projections are based on - Albany specific data or Pacific Region.
3. Page IV-6, & 7 – on page IV-7, add a sentence that states: Projects will be expected to quantify and disclose ghg emissions during planning review. Projects shall be in compliance with CAP requirements and State of California CEQA guidelines.
4. BE-2.3 – please add “point of sale” to the title of the measure.
5. Non-quantified measures – a) add estimated costs (insert cost column from previous version)
