

CODORNICES CREEK MEETING!

ARE YOU: interested in creek restoration and an educational site that will benefit the whole community?

DO YOU: like the idea of a creekside bike and walking trail to learn about the Creek, native plants, and local animal life?

THEN: Come and hear about the Codornices Creek Watershed Council's project design for lower Codornices Creek -- what is planned and how to help put it in the ground! Project includes an outdoor classroom, native planting volunteer opportunities and exciting interpretive elements.

Join us to find out all about the project -- and what activities the Council is planning for 2010.

WHEN: Wednesday, March 24th, 7:00 – 9:00 PM

WHERE: Albany Community Center–Room #2, 1249 Marin Ave, Albany

Refreshments will be served!
