City of Albany City Council
Albany, CA 94706

Subject: Follow up letter regarding the Sustainability Committee's previous recommendation for City Council to explore the opportunity to join in the Green Corridor Partnership

Honorable Mayor and City Council Members:

On March 19, 2008 the City of Albany's Sustainability Committee (Committee) submitted a letter to you recommending that the City Council explore the opportunity to join the Green Corridor Partnership (Partnership) developed by the University of California, and including City of Berkeley, City of Oakland, and the City of Emeryville as members. As noted in our letter, the Committee sees this Partnership as the ideal opportunity to work with our neighboring cities and promote our City as a location for green businesses and trades.

The Committee is requesting City Council agendaize this item to allow an opportunity to discuss this matter further, and to specifically identify whether or not the City should seek membership in the Green Corridor Partnership. We are requesting this item at the suggestion Mayor Lieber, who indicated that if the Committee wanted the Council to discuss this matter, we should bring it to their attention.

The Sustainability Committee thanks you for your time and consideration of this matter. We look forward to an opportunity to discuss this item with the Council and our community.

Very truly yours,

Thomas Cooper, Chair
Sustainability Committee
