**Subject:** Permission for use of Albany Waterfront Cove for Albany Peace Day Event

Anne,

Please inform me of what the regulations are for using the Albany Waterfront at the Cove for the Albany Peace Day event on Sunday, September 21 in the morning for an hour or two between 8 and 11 am. Last years event drew about 20 - 30 people at memorial Park including those at tables representing peace groups. The event's program would consist of poetry readings, non-amplified music, and guest speakers. Peace groups could distribute literature, but would not necessarily have tables which would be a limited number if allowed. The event would be sponsored by the Albany Social Economic Justice Commission or the East Bay Peace Alliance. Please inform me if we need a permit or a hearing before the Waterfront Committee. If we need a hearing, please schedule the hearing for the first meeting in July or August. Thanks.

Allan
