

**CITY OF ALBANY
CHARTER REVIEW COMMITTEE**

**2015 Work Plan
January 26, 2015**

Initiatives and Accomplishments of 2013-14

- Completed review of potential election methods.
- Considered the Board of Education request to consider elimination of term limits as referred to the Charter Review Committee by the City Council, finding that the removal of term limits for the Board of Education in the City Charter, Section 6.02 would be neutral with regard to its effect on the rest of the Charter.

Policy Review and Initiatives for 2015-16

- Provide recommendations to City Council regarding suggested amendments to the City Charter, if any.
- Determine whether the City Council would like the Charter Review Committee to review Section 5.02 of the City Charter to develop language that would include reference to a policy document (i.e. City Council Resolution) regarding the process for filling vacancies on the City Council
