MAYOR'S STATEMENT

SUBJECT: REAFFIRMATION OF INCLUSIVITY STATEMENT

Once again a tweet from Washington has divided our country and sent a message of hate. The Albany City Council wants to reaffirm our statement of inclusivity and at this time let our LGBTQ community, especially our transgender community, know we stand with them. **No one** is a burden in our society. We appreciate your service in the military but more importantly we recognize and welcome you as valued members of our community.
