Sustainability Committee
c/o Nicole Almaguer
979 San Pablo Ave.
Albany, CA 94706

Dear Nicole,

As you may know, Fern Tiger Associates (www.ferntiger.com) has been hired by the city of Albany to develop and facilitate a comprehensive community process focused on the future of the Albany Waterfront. We thought it might be informative to provide the Sustainability Committee with an update on our work and plans for the subsequent phases of the project.

If you think the Committee would be interested in a brief presentation, please contact me at 208-7700 or fern@ferntiger.com to schedule a date for this to be included in your agenda.

Thank you for your attention.

Sincerely,

Fern Tiger
