SUBJECT: Ordinance No. 2019-09 Renaming the Traffic & Safety Commission

to the Transportation Commission - First Reading

REPORT BY: Jeff Bond, Community Development Director

SUMMARY

The action before the City Council is an ordinance to update the Municipal Code changing the Traffic and Safety Commission to the Transportation Commission.

STAFF RECOMMENDATION

That the Council introduce for first reading Ordinance No. 2019-09, renaming the Traffic & Safety Commission to the Transportation Commission.

BACKGROUND

The current Municipal Code provisions related to the Traffic and Safety Commission were adopted in 1958, and provide little practical guidance to the operation of the Commission. At the City Council's recent strategic planning, work plan review, and advisory body discussions, the Council has requested the modernization of the Commission's Municipal Code provisions.

The Traffic & Safety Commission reviewed the draft ordinance at their July 25, 2019 meeting and moved to recommend the City Council to adopt an ordinance amending Section 2-20 of the Albany Municipal Code. The draft before the City Council incorporates comments made by the Commission.

DISCUSSION

The overall intent of the ordinance is to bring the Municipal Code into alignment with current Commission practices. The proposed ordinance provides summary statements of purpose, duties, and structure of the Commission. Included in the duties is that the Commission will serve as the City of Albany Active Transportation Advisory Committee (Bicycle and Pedestrian Advisory Committee), composed of both bicyclists and pedestrians who live or work in the City pursuant to Metropolitan Transportation Commission Resolution 4108 and City Council Resolution 2015-18.

The proposed ordinance also establishes an appeal process for any decision by staff or the Commission. This appeals process is patterned off the Planning and Zoning appeal process.
