CITY COUNCIL AGENDA  
STAFF REPORT**

Agenda Date: April 5, 2021

Reviewed by: NA

**SUBJECT:** Fire Department Vehicle Purchase

**REPORT BY:** Lance Calkins, Fire Chief

---

**SUMMARY**

The Albany Fire Department (AFD) is seeking authorization to purchase one (1) 2022 Chevrolet Silverado 1500 Fire Prevention vehicle and accessories to replace our current Fire Prevention vehicle that has reached the end of service and no longer meets our service needs. The 2022 Chevrolet Silverado 1500 is a pickup truck that will allow the AFD to transport equipment and materials as well as towing that currently is not available. Fire Department Reserve Funds will be utilized to purchase the vehicle and accessories.

**STAFF RECOMMENDATION**

That the Council adopt Resolution No. 2021-28 authorizing the appropriation of \$69,000 from Fire Department Equipment Reserve funds for the purchase and outfitting of one 2022 Chevrolet Silverado 1500.

**BACKGROUND**

In 2003 the Albany Fire Department purchased a Ford Explorer XLS at a price of \$26,103.64. The Explorer has been in service since 2003 with over 141,000 miles. This vehicle is utilized for various fire prevention activities, operational responses, County fire meetings, and transporting personnel for wildland strike team crew rotations. Over the last several years maintenance and repair costs have escalated and the vehicle is no longer reliable. The replacing of this vehicle is constrained by the unique conditions under which these vehicles are required to operate. AFD has requested 3 bids and found Winner Chevrolet offers the best purchasing contracts.

**DISCUSSION/ANALYSIS**

This vehicle is necessary to carry out the daily operational needs of the Albany Fire Department. The Fire Inspectors and Emergency staff utilize this vehicle for emergency response, business inspections, fire investigation, disaster preparedness, towing of the Alameda County MCI trailer, transportation of emergency equipment, transportation of strike team personnel (from the Oregon boarder down to the San Diego region), and transport to various County and regional fire related meetings.

Replacement of this vehicle was scheduled in 2019. Considering the age, the elevated greenhouse emissions, the cost of needed repairs, and its unreliable nature, staff recommends it would be beneficial and cost effective to replace the vehicle at this time.

### **SUSTAINABILITY IMPACT**

The City of Albany's Climate Action and Adaptation Plan calls for purchasing of efficient vehicles and therefore this vehicle has been selected to meet the operational requirement and needs of the fire department as well as contribute to the goals of the Albany Climate Action and Adaptation Plan.

The proposed purchase of a Chevrolet Silverado 1500 Eco-Diesel would allow for removal of an unleaded fueled vehicle from our fleet, and increase utilization of renewable diesel fuel, while emitting less hydrocarbons. The Silverado also has a lower annual fuel cost than the Ford Explorer, which further reduces emissions. Renewable diesel reduces greenhouse gases by as much as 80% from traditional diesel. The Fire Department has a 1000-gallon diesel vault that supplies renewable diesel to all the City's diesel fueled vehicles since 2019.

The Chevrolet Silverado emissions, regardless of the Renewable Diesel, are far less than our Ford Explorer and it would bring us more in-line with modern exhaust emission requirements for the State of California. The current requirements far exceed those in 2003.

### **FINANCIAL IMPACT**

The 2022 Chevrolet Silverado 1500 would be purchased through the Fire Department Equipment Reserve Fund at a cost not to exceed \$69,000. The AFD Equipment Reserve currently has a balance of \$425,000.

6   **WHEREAS**, the Albany Fire Department has identified a need to replace a Ford  
7 Explorer XLS that has been in service since 2003; and

8     
9   **WHEREAS**, the Fire Department has requested the purchasing of a Chevrolet  
10 Silverado 1500 to replace the Ford Explorer; and

11     
12   **WHEREAS**, the Chevrolet Silverado 1500 is a diesel vehicle and low-carbon fuel  
13 produced from 100% renewable and sustainable raw materials will be utilized to fuel the  
14 vehicle.

15     
16   **NOW, THEREFORE, BE IT RESOLVED**, that the Albany City Council hereby  
17 authorizes the appropriation of \$69,000 for the purchase of one (1) service vehicle and  
18 outfitting of this vehicle.

Hi Desmond ,

So, this is to inform you that GM finished building the 2021 model year I think in January. The startup for 2022 is in august . I can't order any till then . I did run a locate on the truck specs you sent me and found none like it.

Thanks
