Subject: Initiating Proceedings, Approval of Annual Reports, and Intention to Levy and Collect Assessments in Assessment District No. 1988-1 for Fiscal Year 2022/23, and Setting a Public Hearing for June 21, 2022

Report By: Mark Hurley, Public Works Director/City Engineer
Devora Zauderer, Public Works Program Manager

SUMMARY

Council action is required to initiate preparation of the annual levy and submission of the Fiscal Year 2022/23 tax rolls to Alameda County for Landscaping and Lighting Assessment District 1988-1. Also, a public hearing must be set on the proposed assessment. The annual report concerning the levy and collection of assessments within the assessment district has been prepared by the firm of NBS and will be filed with the City Clerk.

STAFF RECOMMENDATION

That the Council:

1. Adopt Resolution No. 2022-58, Initiating Proceedings for the Levy and Collection of assessments for the Landscaping and Lighting Assessment District 1988-1 for Fiscal Year 2022/23.
2. Adopt Resolution No. 2022-59, Approving the Annual Report for the Landscaping and Lighting Assessment District No. 1988-1 for Fiscal Year 2022/23.
3. Adopt Resolution No. 2022-60, A Resolution of Intention to Levy and Collect Assessments for the Landscaping and Lighting Assessment District No. 1988-1 for Fiscal Year 2022/23. Pursuant to the Landscaping & Lighting Act of 1972, set a public hearing for June 21, 2022 on the proposed assessment.

BACKGROUND

The City formed Landscaping and Lighting Assessment District 1988-1 (LLAD 1988-1) pursuant to the provisions of the Landscaping and Lighting Act of 1972 - Section 22500 et. Seq. of the Streets and Highways Code. LLAD 1988-1 was initially formed to provide for

the maintenance of park and recreational facilities. The scope of services of the District were later expanded to include street lighting on Solano Avenue, maintenance of medians on Buchanan St., Marin Ave. and San Pablo Ave. and payment of Bonds for the Community Center and a Maintenance Center.

Beginning in 2010, a two-year budget for the Landscape and Lighting Assessment District was adopted for planning purposes and in order to coincide with the City budget process. The Landscaping and Lighting Act of 1972, however, requires that a report on the scope of the proposed improvements, the estimated cost of the program, and the amount of the assessments be prepared and approved by the Council and a public hearing conducted in each year that an assessment is proposed to be levied.

Following receipt of the report the Council may adopt a resolution of intention which: (1) preliminarily approves the report of the Engineer, as submitted or as modified; (2) declares the intention of the Council to levy and collect assessments within the existing District for the next fiscal year; (3) sets the time and place for a public hearing on the proposed assessments for the fiscal year; and (4) directs the City Clerk to provide notice of the proposed hearing by publishing the resolution in the newspaper at least 10 days prior to the hearing.

DISCUSSION

The Streets and Highways Code requires that the City Council order the filing of an annual report for the district.

The Public Works Director will oversee the completion of this work. It is necessary for the City Council to order that these reports be prepared at this time in order to provide sufficient time to schedule and hold the required public hearing for the levy and to meet the early August deadline for submitting the final tax rolls to Alameda County.

The attached Resolution No. 2022-58 initiates proceedings for the levy and collection of assessments for the Landscaping and Lighting Assessment District. The attached Resolution No. 2022-59 approves the annual reports for the Landscaping and Lighting Assessment District. The attached Resolution No. 2022-60 sets June 21, 2022 as the date when the City Council will conduct a public hearing on the proposed work program and assessment for FY 2022/23.

LLAD 1988-1 provides funding for the installation, maintenance and servicing of park, ball fields and recreational facilities throughout the City including maintenance contracts, City maintenance staff, and supplies and materials. It also supports the City's street tree and street landscapes maintenance programs.

In the report, single-family detached residences are assessed the same amount. The proposed FY 2020/21 assessment for a detached single-family residential parcel (SFR) is \$75.54. Assessments for other parcels of land are based on the estimated special benefits received compared to a detached SFR parcel as determined by the Engineer. The method of assessment is essentially the same as that which was approved by the Council upon formation of the

District in 1988, and as subsequently amended by the Council. Annual assessments in LLAD 1988-1 have not been increased since FY 1993-94.

FINANCIAL CONSIDERATIONS

Adoption of the Resolutions will enable the Council to conduct the required public hearing on the approval of the assessments. If the Resolutions setting the hearing are not approved, the City will not be able to levy the assessments within the District and the City budget would have to be adjusted to reflect the loss of assessment revenue for the next fiscal year. The decision may be postponed and continued, however, if assessments are to be collected in Fiscal Year 2022/23, a hearing on the proposed levy must be conducted, assessments approved, and a report must be filed with the County Auditor in the required form not later than August 1, 2022. If assessments are not collected, services and/or projects proposed to be funded by the assessment district would have to be reduced or eliminated, or additional funding sources identified.

1. EXECUTIVE SUMMARY

The City of Albany (the “City”) directed NBS to prepare and file a report presenting plans and specifications describing the general nature, location, and extent of the improvements to be maintained, and an estimate of the costs of the maintenance, operations, and servicing of the improvements for the Assessment District No. 1988-1 (the “District”) for Fiscal Year 2022/2023, pursuant to the provisions of the Landscaping and Lighting Act of 1972, Part 2, Division 15 of the California Streets and Highways Code (commencing with Section 22500) (the “Act”).

The report includes a map of the District, showing the area and properties proposed to be assessed, an assessment of the estimated costs of the maintenance, operations and servicing of the improvements, and the net amount to be assessed upon all assessable lots and/or parcels within the District in proportion to the special benefit received.

4. METHOD OF ASSESSMENT

The following information is from the original formation report approved by the City Council.

The estimated net cost of the improvements has been divided among the several parcels of land within the District in proportion to the estimated benefits to be received by the parcels, respectively, from the improvements. The method used to apportion the cost among the benefiting properties is identical to that approved upon formation of the District, with the inclusion of the modifications noted in the Fiscal Year 1990/91 report.

Discussion of Benefit

Public landscaping, park, and recreation facilities serve to:

- Improve Property Appearance
- Provide Recreation for Citizens
- Improve Community Image
- Provide Location for Community Activities

The benefits from landscaping, park and recreation vary with parcel size and parcel use as it relates to an improved quality of life on a day-to-day basis.

4.1 Benefit Factors by Land Use

4.1.1 SINGLE-FAMILY RESIDENTIAL

Approximately 65% of the parcels in the City are single family residential (SFR). Although SFR parcels vary in size and use it is reasonable to assume that the benefit received by SFR parcels is essentially the same. The SFR parcels were therefore assigned a benefit factor of unity (1.0). Equating the land benefit to the user benefit, values of 0.50 were assigned to the SFR parcel for land benefit and 0.50 for user benefit. Using this format, benefit factors were computed for Multi-family Residential, Commercial, Industrial and other land use.

4.1.2 MULTIPLE RESIDENTIAL

Multi-family residential (MFR) parcels, apartment units, and condominiums are typically smaller than SFR parcels. Land benefit and user benefit are both proportionately less. Taking reduced size and common area maintenance costs into account the following reduced benefit for MFR dwellings has been utilized:

0.75 x SFR rate per unit for the first 20 units

and 0.50 x SFR rate per unit for all units after 20

4.1.3 COMMERCIAL LAND USE

Commercial parcels share, on an equal basis with SFR parcels the land benefit derived from park and recreation facility improvements. Commercial parcels benefit less from user benefits identified with Park and Recreational Facilities. Commercial parcels share on equal basis the user benefit derived from

landscaping on public streets. The commercial properties have been assigned a factor of 0.10 to reflect user benefit from street improvements. An averaged sized SFR lot in Albany is estimated to be 4,000 square feet (sf). Commercial parcels of 4,000 sf or less were assigned a land benefit factor equal to SFR or 0.50 and a user benefit factor of 0.10. Larger commercial parcels were assigned additional units based on the ratio of the total parcel area (A) to 4,000 sf.

4.1.4 INDUSTRIAL

Industrial land benefits less from landscaping, parks, and recreation improvements and was assessed 50% of the commercial land benefit factor and 50% of the commercial use benefit factor. The number of industrial units assessed was computed by dividing the approximate land area by 4,000 sf and multiplying by 0.30.

4.1.5 EXCEPTIONAL PARCELS

Parcels owned by Public Agencies were not assessed. Utilities were assessed only to the degree that they benefit. Railroad tracks were assumed not to benefit from landscaping improvements. Churches were not assessed. Vacant parcels were assessed at half the occupied rate reflecting the absence of user benefit. Common areas in condominium developments were not assessed. Parcels having less than 0.50 unit of assessment were assessed for 0.50 unit. Unusual or exceptional parcels not provided for above were assessed according to the judgment of the original engineer. Areas used in this report to determine relative benefit are approximations only, based upon information available with the County Assessor. They are not intended to be precise values. The amount assessed reflects the original engineer's judgment of the relative benefit received.

4.2 Benefit Factors

The following table provides the benefit factors for Fiscal Year 2022/2023.

Category	Land	Use	Total
SFR	0.50	0.50	1.00
Condominiums	0.38	0.37	0.75
MFR 2-20 Units	0.38	0.37	0.75
MFR > 20 Units	0.25	0.25	0.50
Commercial	0.50	0.10	0.60 x area/4,000
Industrial	0.25	0.05	0.30 x area/4,000

4.3 Assessment Rates

The following table provides the assessment rates for Fiscal Year 2022/2023.

Category	Maximum Assessment Rate
SFR	\$75.54/unit
Condominiums	56.66/unit
MFR 2-20 Units	56.66/unit
MFR > 20 Units	1,133.20 plus 37.76/unit over 20 units
Commercial	45.32/area unit ⁽¹⁾
Industrial	22.66/area unit ⁽¹⁾

(1) One area unit equals 4,000 square feet of land.
