

1 **RESOLUTION NO. 2022-54**

2 **A RESOLUTION OF THE ALBANY CITY COUNCIL AUTHORIZING**
3 **A LIST OF PROJECTS FOR FISCAL YEAR 2022-23 FUNDED BY**
4 **SB-1: THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017**

5 **WHEREAS**, Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017
6 (Chapter 5, Statutes of 2017) was passed by the Legislature and Signed into law by the
7 Governor in April 2017 to address the significant multi-modal transportation funding
8 shortfalls statewide; and
9

10 **WHEREAS**, SB 1 includes accountability and transparency provisions that will
11 ensure the residents of our City are aware of the projects proposed for funding in our
12 community and which projects have been completed each fiscal year; and
13

14 **WHEREAS**, the City must adopt by resolution a list of projects proposed to receive
15 fiscal year funding from the Road Maintenance and Rehabilitation Account (RMRA),
16 created by SB 1, which must include a description and the location of each proposed
17 project, a proposed schedule for the project's completion, and the estimated useful life of
18 the improvement; and
19

20 **WHEREAS**, as per financial projections received from the State of California, the
21 City will receive an estimated \$410,530 in RMRA funding in Fiscal Year 2022-23 from
22 SB 1; and
23

24 **WHEREAS**, this is the sixth year in which the City is receiving SB 1 funding, which
25 will enable the City to continue essential road maintenance and rehabilitation projects,
26 safety improvements, repairing and replacing aging bridges, and increasing access and
27 mobility options for the traveling public that would not have otherwise been possible
28 without SB 1; and
29

1
2 **WHEREAS**, the City has undergone a robust public process to ensure public input
3 into our community’s transportation priorities; and
4

5 **WHEREAS**, the City uses a Pavement Management System to develop the SB 1
6 project list to ensure revenues are being used on the most high-priority and cost-effective
7 projects that also meet the communities priorities for transportation investment; and
8

9 **WHEREAS**, the 2018 California Statewide Local Streets and Roads Needs
10 Assessment found that many of the City’s streets and roads are in an “at-risk” condition,
11 and this revenue will contribute to projects that aim to increase the overall quality of our
12 road system, with the goal of bringing our streets and roads overall into a “good” condition;
13 and
14

15 **WHEREAS**, the SB 1 project list and overall investment in our local streets and
16 roads infrastructure with a focus on basic maintenance and safety, investing in complete
17 streets infrastructure, and using cutting-edge technology, materials and practices, will have
18 significant positive co-benefits statewide.
19
