RESOLUTION NO. 2022-28

**A RESOLUTION OF THE ALBANY CITY COUNCIL AUTHORIZING
A LIST OF PROJECTS FOR FISCAL YEAR 2023-24 FUNDED BY
SB 1: THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017**

WHEREAS, Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017) was passed by the Legislature and Signed into law by the Governor in April 2017 to address the significant multi-modal transportation funding shortfalls statewide; and

WHEREAS, SB 1 includes accountability and transparency provisions that will ensure the residents of our City are aware of the projects proposed for funding in our community and which projects have been completed each fiscal year; and

WHEREAS, the City must adopt by resolution a list of projects proposed to receive fiscal year funding from the Road Maintenance and Rehabilitation Account (RMRA), created by SB 1, which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement; and

WHEREAS, as per financial projections received from the State of California, the City will receive an estimated \$554,228 in RMRA funding in Fiscal Year 2023-24 from SB 1; and

WHEREAS, this will be the seventh year in which the City is receiving SB 1 funding, which will enable the City to continue essential road maintenance and rehabilitation projects, safety improvements, repairing and replacing aging bridges, and increasing access and mobility options for the traveling public that would not have otherwise been possible without SB 1; and

1 **WHEREAS**, the City has undergone a robust public process to ensure public input into
2 our community’s transportation priorities; and

3
4 **WHEREAS**, the City uses a Pavement Management System to develop the SB 1 project
5 list to ensure revenues are being used on the most high-priority and cost-effective projects that
6 also meet the community’s priorities for transportation investment; and

7
8 **WHEREAS**, the 2018 California Statewide Local Streets and Roads Needs Assessment
9 found that many of the City’s streets and roads are in an “at-risk” condition, and this revenue
10 will contribute to projects that aim to increase the overall quality of our road system, with the
11 goal of bringing our streets and roads overall into a “good” condition; and

12
13 **WHEREAS**, the SB 1 project list and overall investment in our local streets and roads
14 infrastructure with a focus on basic maintenance and safety, investing in complete streets
15 infrastructure, and using cutting-edge technology, materials and practices, will have significant
16 positive co-benefits statewide.

17
