

City of Albany

SEPT 19, 2023 STREETLIGHTING WORKSHOP

The City is working on a project to evaluate streetlighting conditions throughout Albany to inform any future systematic improvements. To hear from the community, the City is hosting a Streetlighting Workshop where community members will be provided information on the different aspects of public lighting and visit real sites nearby to evaluate some of Albany's streetlights in-person. To RSVP, scan the QR code in the corner or visit www.albanyca.org/streetlighting.

This capital improvement project (CIP No. 25008) is funded by Alameda County Transportation Commission Measure B Local Streets & Roads pass-through tax revenues.
