**SUBJECT:** Public Hearing on the Levy of Assessments within Assessment District No. 1988-1 for Fiscal Year 2024/25 pursuant to the Landscaping and Lighting Act of 1972

**REPORT BY:** Mark Hurley, Public Works Director/City Engineer  
Devora Zauderer, Public Works Program Manager

---

**SUMMARY**

The following report discusses the City’s Landscaping Lighting Assessment District, LLAD 1988-1. The report includes the proposed assessment rate for Fiscal Year 2024/25.

**STAFF RECOMMENDATION**

That the Council adopt Resolution No. 2024-54, confirming the Diagram and Assessment, levying Assessments in Landscaping and Lighting Assessment District No. 1988-1 for Fiscal Year 2024/25 (pursuant to the Landscaping and Lighting Act of 1972) and ordering of the Levy to be placed on the Fiscal Year 2024/25 secured property tax roll.

**BACKGROUND**

Assessment District No. 1988-1 (the “District”) was formed pursuant to the provisions of Section 22500 et. Seq. of the state Streets and Highways Code. This section of the Code is entitled the “Landscaping and Lighting Act of 1972” (hereafter the “Act”). The Landscaping and Lighting Assessment Districts (LLAD) provides funding for improvements throughout the City as described in the Act and as further described in the formation documents for the district. The Act requires that in each fiscal year (FY) that an assessment is to be levied the Council must:

- 1) Adopt a resolution directing the Assessment District Engineer (the “Engineer”) to file a report. The report must include a description of the scope of work including any new improvements to be made for the next fiscal year, their estimated costs, a diagram showing the properties to be assessed (the Assessment Diagram) and the amount of the assessment to be made upon each parcel of land specially benefitted by the proposed improvements (the Assessment);
- 2) Adopt a resolution preliminarily approving the report of the Engineer and directing the City Clerk to provide notice of the intention of the Council to levy and collect assessments within the existing District for the next fiscal year;

- 3) Conduct a public hearing upon the improvements, budget and assessments that are proposed to be levied; and
- 4) Adopt a resolution confirming the diagram and the assessments for the next fiscal year and file the Diagram and the Assessment with the County Auditor prior to August 1 of the fiscal year in which assessments are to be levied.

Any matter provided in the report of the Engineer may be addressed at the public hearing, except that the Council may not increase the amount of the assessment on any parcel without first conforming to the special report and ballot procedures required by Section 4 of Article XIII D of the State constitution (enacted by Proposition 218 in 1996). Property owners may file written or oral protests up until the conclusion of the public hearing. The formation of the District; however, is not an issue and there is no procedure in the Act for a majority protest at the annual public hearing.

Assessments within the District are levied in proportion to the special benefits estimated to be received by each parcel from the improvements as determined by the Engineer and confirmed each year by the Council. The basic method of assessment remains unchanged from that set forth by the Engineer and approved by the Council upon formation of each District.

The City has retained NBS to prepare the annual reports concerning the levy and collection of assessments within the District.

On June 3, 2024, Council adopted Resolution No. 2024-39 initiating proceedings, Resolution No. 2024-40 preliminarily approving the Engineer's Report for FY 2023/24, and Resolution No. 2024-41 declaring the intention of the Council to levy and collect assessments and setting June 17, 2024 as the date for the public hearing. Notice of the public hearings was published in a paper of general circulation at least 10 days prior to the hearing as required by the Act.

The complete Engineer's Report for the District, including the Assessment Diagram and the Assessment Roll remain on file with the City Clerk. Copies of the report excluding the full-sized diagram and the assessment roll are attached.

The following are highlights from the report for LLAD 1988-1:

LLAD 1988-1 provides funding for the installation, maintenance and servicing of park and recreational facilities throughout the City including maintenance and repair of landscape, hardscapes, play structure and irrigation system at City parks (Memorial Park, Ocean View Park, Tot Lot Park, Ohlone Greenway and Peggy Thomsen Pierce Street Park), maintenance of street landscapes and the urban forest.

In the report, single-family detached residences are assessed the same amount. The proposed FY 2024/25 assessment for a detached single-family residential parcel (SFR) is \$75.54. Assessments for other parcels of land are based on the estimated special benefits received compared to a detached SFR parcel as determined by the Engineer. The method of assessment is essentially the same as that which was approved by the Council upon formation of the

District in 1988, and as subsequently amended by the Council. Annual assessments in LLAD 1988-1 have not been increased since FY 1993-94.

### **DISCUSSION**

It is recommended that the Council open the public hearing and afford any interested person the opportunity to speak with regard any matter concerning the District.

Following the conclusion of public testimony, it is recommended Council close the public hearing and consider approval of the attached Resolution confirming the assessment and the diagram for the District.

The adoption of the Resolution will constitute the levy of an assessment within the District. Following adoption, the City Clerk will cause the report for the District to be filed with the County Auditor in the form prescribed by the County and assessments will be posted to the property tax bills and collected with property taxes.

### **SUSTAINABILITY**

LLAD No. 1988-1 provides funding for creating, improving and maintaining recreational turf areas in parks throughout the city. It also provides funding for the City's urban forestry program. These programs and improvements serve to enhance the quality of life, reduce carbon emissions and promote a greener Albany.

### **FINANCIAL CONSIDERATIONS**

Details of prior year actuals and current/future year estimates for the fund, including revenues and expenditures, are included as section 5 in the attached Annual Report. Though program and project budgets are planned biennially as part of the City's operating and capital budgets, for assessment purposes, the attached Resolution applies only to the FY 2024/25.

If the Resolutions confirming the improvements, diagram and the assessment within each District are not approved, the City will not be able to levy assessments as proposed. If assessments are not collected, the various improvements, services and maintenance programs will have to be reduced or eliminated, or additional funding sources identified. For assessments to be collected for FY 2024/25, the Council must approve and cause the Diagram and Assessment for each District to be filed prior to August 1, 2024.

Annual assessments in LLAD 1988-1 have not been increased since FY 1993-94.

# 1. EXECUTIVE SUMMARY

---

The City of Albany (the "City") directed NBS to prepare and file a report presenting plans and specifications describing the general nature, location, and extent of the improvements to be maintained and an estimate of the costs of the maintenance, operations, and servicing of the improvements for the Assessment District No. 1988-1 (the "District") for Fiscal Year 2024/25, under the provisions of the Landscaping and Lighting Act of 1972, Part 2, Division 15 of the California Streets and Highways Code (commencing with Section 22500) (the "Act").

The report includes a map of the District, showing the area and properties proposed to be assessed, an assessment of the estimated costs of the maintenance, operations, and servicing of the improvements, and the net amount to be assessed upon all assessable lots or parcels within the District in proportion to the special benefit received.

## 1.1 Summary of Assessment

The following table summarizes the annual levy by category of parcel for Fiscal Year 2024/25:

Category	Parcel Count	Total Levy <sup>(1)</sup>
SFR	3,641	\$277,638.78
Condominiums	1,081	61,227.84
MFR 2-20 Units	498	100,162.36
MFR > 20 Units	6	9,628.80
Commercial	263	85,083.20
Industrial	11	2,886.90
<b>Totals:</b>	<b>5,500</b>	<b>\$536,627.88</b>

(1) Total amounts include rounding adjustments.

The assessment has been levied per the assessment methodology adopted and approved by the City Council at the time of the District's formation.

## 2. DESCRIPTION OF IMPROVEMENTS

---

The improvements for the District include operation and maintenance activities and construction projects, as well as plans, specifications, and estimates. They are as follows:

### 2.1 Operation and Maintenance Activities (Recurring Annual Expenses)

- Engineering, Legal & Notice (Division 211): The annual cost to publish the resolution or intention in a paper of general circulation, as required by law, and to deliver the report to the Alameda County Auditor.
- Park Maintenance (Subdivision 2122): Costs associated with the operation of City Parks, including Memorial Park, Ocean View Park, Dartmouth Tot Lot, Jewel's Terrace Park, the Ohlone Greenway, and Peggy Thomsen Pierce Street Park. Expenditures include but are not limited to landscape maintenance, playground maintenance and repair, tree care, irrigation, specialty contract services, and utilities.
- Playfield Maintenance (Subdivision 2122): Maintenance of ballfields at Ocean View Park and Memorial Park.
- Street Landscape Maintenance (Subdivision 2124): Maintenance of street medians.
- Urban Forestry (Subdivision 2125): Maintenance of the street trees throughout the City.

The total budget for these activities is split between the District and a separate City funding source.

### 2.2 Projects

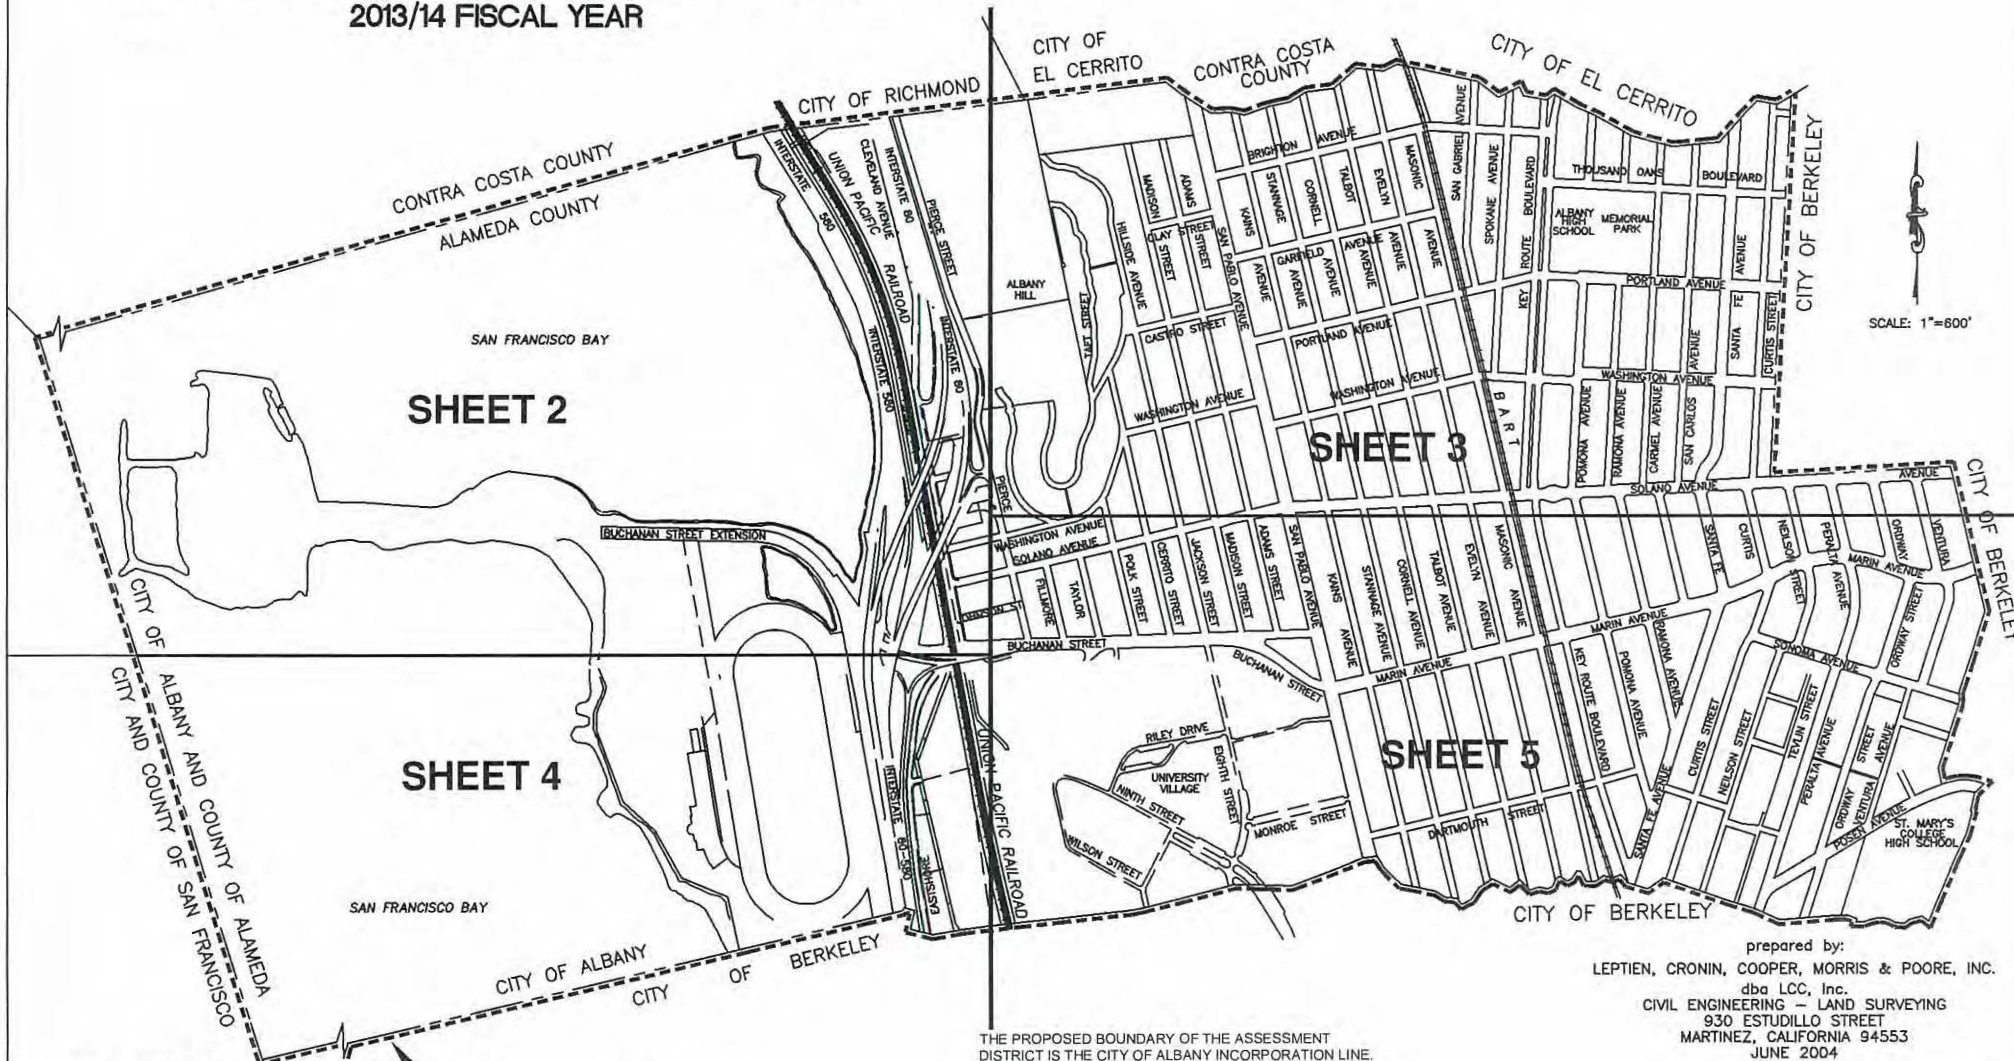

No projects are currently scheduled for funding by the District in Fiscal Year 2024/25.

### 3. ASSESSMENT DIAGRAM

## 4. METHOD OF ASSESSMENT

---

*The following information is from the original formation report approved by the City Council.*

The estimated net cost of the improvements has been divided among the several parcels of land within the District in proportion to the estimated benefits to be received by the parcels, respectively, from the improvements. The method used to apportion the cost among the benefiting properties is identical to that approved upon formation of the District, including the modifications noted in the Fiscal Year 1990/91 report.

Public landscaping, park, and recreation facilities serve to:

- Improve Property Appearance
- Provide Recreation for Citizens
- Improve Community Image
- Provide Location for Community Activities

The benefits of landscaping, parks, and recreation vary with parcel size and use as they relate to daily improved quality of life.

### 4.1 Benefit Factors by Land Use

#### 4.1.1 SINGLE-FAMILY RESIDENTIAL

Approximately 65% of the parcels in the City are single-family residential (SFR). Although SFR parcels vary in size and use, it is reasonable to assume that the benefits received by SFR parcels are essentially the same. The SFR parcels were, therefore, assigned a benefit factor of unity (1.0). Equating the land benefit to the user benefit, values of 0.50 were assigned to the SFR parcel for land benefit and 0.50 for user benefit. This format computed benefit factors for Multi-family Residential, Commercial, Industrial, and other land use categories.

#### 4.1.2 MULTIPLE RESIDENTIAL

Multi-family residential (MFR) parcels, apartment units, and condominiums are typically smaller than SFR parcels. Land benefit and user benefit are both proportionately less. Taking reduced size and common area maintenance costs into account, the following reduced benefit for MFR dwellings has been utilized:

0.75 x SFR rate per unit for the first 20 units,

and 0.50 x SFR rate per unit for all units after 20.

Condominiums were assessed at 0.75 x SFR rate.

#### 4.1.3 COMMERCIAL LAND USE

Commercial parcels share, on an equal basis with SFR parcels, the land benefit derived from park and recreation facility improvements. Commercial parcels benefit less from user benefits identified with Park and Recreational Facilities. Commercial parcels share on an equal basis the user benefit derived from landscaping on public streets. The commercial properties have been assigned a factor of 0.10 to reflect

user benefits from street improvements. An average-sized SFR lot in Albany is estimated to be 4,000 square feet (SF). Commercial parcels of 4,000 SF or less were assigned a land benefit factor equal to SFR or 0.50 and a user benefit factor of 0.10. Larger commercial parcels were assigned additional units based on the ratio of the total parcel area divided by 4,000 SF.

#### 4.1.4 INDUSTRIAL

Industrial land benefits less from landscaping, parks, and recreation improvements and was assessed at 50% of the commercial land benefit factor and 50% of the commercial use benefit factor. The number of industrial units assessed was computed by dividing the approximate land area by 4,000 SF and multiplying by 0.30.

#### 4.1.5 EXCEPTIONAL PARCELS

Parcels owned by Public Agencies were not assessed. Utilities were assessed only to the degree that they benefit. Railroad tracks were assumed not to benefit from landscaping improvements. Churches were not assessed. Vacant parcels were assessed at half the occupied rate, reflecting the absence of user benefits. Common areas in condominium developments were not assessed. Parcels having less than 0.50 units of assessment were assessed for 0.50 units. Unusual or exceptional parcels not provided for above were assessed according to the judgment of the original engineer. The areas used in this report to determine relative benefit are approximations only, based upon information available from the County Assessor. They are not intended to be precise values. The amount assessed reflects the original engineer's judgment of the relative benefit received.

### 4.2 Benefit Factors

The following table provides the benefit factors for Fiscal Year 2024/25:

Category	Land	Use	Total
SFR	0.50	0.50	1.00
Condominiums	0.38	0.37	0.75
MFR 2-20 Units	0.38	0.37	0.75
MFR > 20 Units	0.25	0.25	0.50
Commercial	0.50	0.10	0.60 x area/4,000
Industrial	0.25	0.05	0.30 x area/4,000

### 4.3 Assessment Rates

The following table provides the assessment rates for Fiscal Year 2024/25:

Category	Maximum Assessment Rate
SFR	\$75.54/unit
Condominiums	56.64/unit
MFR 2-20 Units	56.64/unit
MFR > 20 Units	1,132.80 plus 37.76/unit over 20 units
Commercial	45.32/area unit <sup>(1)</sup>
Industrial	22.66/area unit <sup>(1)</sup>

(1) One area unit equals 4,000 square feet of land.

## 5. ESTIMATE OF COSTS

<b>Subtotal Maintenance</b>	<b>\$290,830</b>	<b>\$326,498</b>	<b>\$445,500</b>	<b>\$445,500</b>
<b>Projects</b>				
Capital Reserve	\$226,424	\$191,893 <sup>6</sup>	\$74,215	\$74,000
<b>Subtotal Projects</b>	<b>\$226,424</b>	<b>\$191,893 <sup>6</sup></b>	<b>\$74,215</b>	<b>\$74,000</b>
<b>TOTAL EXPENDITURES</b>	<b>\$307,218</b>	<b>\$337,652 <sup>6</sup></b>	<b>\$462,000</b>	<b>\$462,000</b>
<b>ENDING FUND BALANCE</b>	<b>\$514,246</b>	<b>\$706,139 <sup>6</sup></b>	<b>\$780,354</b>	<b>\$854,354</b>
Target year - end balance = 50% maintenance	\$145,415	\$163,249 <sup>6</sup>	\$222,750	\$222,750

Notes:

1. Includes an allocation of Public Works staff in addition to contract work.
2. Services are funded through a separate funding source.
3. Contract services cost increase.
4. Services expanded to include weekend overtime staff services, increased budget for playground repairs.
5. Updated as per NBS Annual Levy Report FY 23-24.
6. Previous year's report incorrectly reported Urban Forestry budget as \$75,868. The budget appropriated by the Council was \$92,286. FY 23 numbers have been updated here accordingly.

## 6. FINAL BILLING DETAIL REPORT
