

**FOR MEMBER OF THE BOARD OF EDUCATION**

FILED  
JUL 22 REC'D  
ALBANY CITY CLERK

**Veronica Davidson**

Incumbent

Age: 39

I am seeking re-election to the Albany Unified School District Board of Education. During my previous term the board reopened schools, navigated construction and passed Measure G which limited the amount of budget cuts required. I have served as President of the Board for two years during which time meetings have met their recommended 180 minute limit, board reports have become focused on committees and school sites, and presentations have been made more informative and succinct. There have been new district practices that have increased communication with the community. I oversaw a smooth transition to an interim and new superintendent.

As a small business owner in Albany I am active in our business community and also a business supporter of our schools. As a parent I am committed to continuing the excellence for all students of AUSD.
