Dear Members of the Green Corridor Partnership:

The City of Albany would like to express its desire to become a participating member of the East Bay Green Corridor Partnership. The City's approximately 37 acre redevelopment zone, located along the I80/I580 freeway provides additional opportunities to develop a continuous green corridor running from Richmond to Oakland. This area is currently under utilized and the City anticipates that anticipated turnover will present the potential for new, green businesses and/or green R&D in the City of Albany. We welcome the opportunity to work together in developing new strengths for our overall region.

Thank you for your consideration.

Sincerely,

Robert S. Leiber
Mayor
